

(Many things appear to be happening behind the scenes. This is just what I've been able to gather with my own intel.)

- 1-10-2025 10:28pm: Ardeth ("TupDaDuck") join the New Democratic Server during the great exodus, along with everyone else. He was in the Old Democratic Server, but spoke little.

Quickly, the interest becomes obsession: "[Cuck is essentially Jesus](#)". Zak says "[cuckism??? new religion unlocked / potential h competitor?](#)". Ardeth appears to like this. (Elizabeth has also claimed that she was the origin of cuckism, but I can't substantiate that.)
- 23-10-2025 12:44pm: immediately after this discussion, Ardeth [proclaims](#) the Cuck party in #party-creation, demserver. (He later edits it, so this message doesn't contain the original policies.)
- 23-10-2025 5:00pm: Ardeth is [campaigning](#) for the cuck party... in The Extended Universe.
- 31-10-2025 1:49pm: Arthur (current president) [begins the election](#). There are only two real candidates with any chance of winning: The Community Projects Party, by Goonstreak, and the Cuck Party, by Ardeth. They are tied for some hours.
- [a LOT happens during the election period - massive discussion in #party-discussions, big controversy, ardeth does the henry strat of stealing goonstreaks main party idea, goonstreak doesn't like it, ardeth actually RELENTS and changes his mind]
- [ardeth posts weird propaganda images, mostly to The Extended Universe]
- [ardeth dms and bribes almost everyone to get his advantage. he promises a lot. even anuhas, who wasn't bribed, eventually, upon seeing the cuck party will inevitably win, votes for them because he hopes to get the boons that were promises to cuck voters]
- [behind the scenes, Hillary, Zak, Henry, and Ardeth are plotting something big for November. The former three become Cuck Council Members.]
